Firms responding to this announcement on or before closing date will be considered for selection using the following evaluation criteria in descending order of importance:

- Relevant, professional qualifications of the firm in the type of work required for projects having a construction value of at least in the past three years;
- Specialized experience and technical competence in the type of work required;
- Demonstrated success on similar projects in terms of quality of work and compliance with performance schedules, cost/schedule controls and program/project management techniques. Briefly describe internal quality assurance and cost control procedures and indicate effectiveness by listing budget/estimated construction cost, award amount, final design estimate and construction changes for five recent projects. Although previous or ongoing performance of a similar U.S. Government contract is not required for firms responding to this solicitation, if such contracts have been performed, the offeror must have performed at a satisfactory level; and
- Personnel capacity to accomplish the work in the required time.

The Embassy will select for negotiation the licensed firm that demonstrates the best qualifications.
