SCHEDULE OF SUPPLIES/SERVICES, BLOCK 20  
DESCRIPTION/SPECIFICATIONS/WORK STATEMENT

**1. Objective:** The purpose of this firm fixed price purchase order is to provide commercial kennel facilities and services in support of the Bureau of Customs and Border Protection (CBP) Toronto Preclearance Port of Entry. The service will be required for two (2) canine dogs – Wade and Allegra.

The contract will be for a one-year period from the date of the contract award, with **four (4)** one-year options.

**2. Scope of Work:** The contractor shall provide all labor, materials, supervision, and facilities required to provide kenneling services for the CBP canines. The number of canines to be kenneled is currently two (2). The facility will need to have the capability of providing the possibility of future kennel needs meeting the same high standards as set forth in this document.

2.1 The contractor shall issue a key or key card for the kennel facility to the CBPO/K9 Officer assigned to the Port of Toronto to enable the Officer the ability to independently access the facility and retrieve their canines 24 hours a day, 7 days a week. The contractor shall ensure that only authorized personnel have access to the CBP dogs. Access to the CBP dogs by the general public is prohibited at all times. If the facility is open 24 hrs. a day 7 days a week a key will not be required.

2.2 In addition to housing the canines, the contractor will also be responsible for cleaning the kennels and maintaining them in a safe and sanitary condition.

2.3 Mr. Thomas E. Prince, the Contracting Officer Representative (COR), will be appointed to monitor contractor performance and administrative matters along with Ms. Danielle Niosi (CBPAS) Canine Handler to address any technical canine concerns with the Contracting Officer. Mr. Thomas E. Prince shall conduct a semi-annual review and provide a brief report to the Contracting Officer after each review. Mr. Thomas Prince will be designated at the time of the contract.

**3. Facility Requirements:** The contractor's facility will be constructed to ensure the dog cannot climb out of the housing area or kennel runs by utilizing a secure top or other means, to prevent the dog from jumping or climbing out of their assigned housing area.

Regardless of the kennel type, only one dog shall be in each kennel run. Shipping crates or wire cages are not acceptable at any time for the boarding or kenneling of the dog. The area surrounding the kennel should not contain any types of human food or trash cans containing food. This could diminish the canine's ability to detect and acquire adequate rest. Proper location and construction of the kenneling facility will enable the canine teams to operate at maximum effectiveness during their work schedules.

*3.1 Floor and Dog Runs:* The kennel building will be constructed with a solid foundation and floor; all runs will be constructed of concrete or tile. Kennel run floors will be a sealed hard surface (i.e. concrete or tile is acceptable). All concrete surfaces will be sloped and constructed to allow for drainage and for flushing stools and urine from the kennel run. Pooling of liquid is not permitted. Other floors and pathways should be of a non-skid surface. The kennel will use a common barrier to separate adjacent runs, the barrier should be a solid wall at least four feet in height.

*3.2 Inside/Outside Kennel Runs:* The outside portion of each kennel run will have solid walls four feet in height between adjacent runs, and the kennel run will be at least six feet long and four feet wide. The sleeping area will be large enough to allow an animal 25-80 lbs. to turn freely and be at least two inches taller than the animal at the head when standing erect. The sleeping area will be equipped with a raised sleeping platform. Access doors to the inside sleeping area will be of sufficient size to allow the dogs to enter without scraping their sides or back. A guillotine drop door is required when the kennel has indoor and outdoor runs; this dividing device will be used to separate the sleeping area and the canine's outdoor runs.

When a CBP canine is in the "break area", there will be only one dog in the "break area" at a time.

No privately boarded canine shall be in the "break area" at the same time as CBP canines.

"Break areas" shall be kept clean. Stools and waste shall be removed promptly.

*3.3 Enclosed Indoor Kennel Runs:* Runs that are totally enclosed in a building will meet the same size requirements for indoor/outdoor or outdoor runs. Indoor runs will meet or exceed all requirements for ventilation in accordance with all local, state, and federal regulations regarding kennel services. Indoor runs shall have air condition/ventilation systems that maintain the inside ambient air temperature within 10 degrees above or below the outside ambient air temperature. The kennel facility shall have fresh air either through windows, doors, vents or air conditioning. Auxiliary ventilation (i.e. air conditioning or exhaust fans) is required where the ambient temperatures can reach 85 degrees F or higher.

The minimum indoor air temperature shall not be less than 50 degrees F. The maximum indoor air temperature shall not be more than 90 degrees F. The minimum/maximum is to ensure that the canines maintain acclimation to the weather conditions in the work environment.

Each run shall be separated by a partition constructed of concrete, fiberglass, or stainless steel at least 48 inches high to prevent cross contamination between kennels. The partition shall be capable of preventing cross contamination between runs. All runs shall have secure top to prevent the dogs from jumping or climbing out. Kennel runs shall be disinfected with veterinary approved chemicals. Dog beds shall be of non-porous materials (i.e. stainless steel, fiberglass).

*3.4 Fencing and Gates:* Wire mesh fabric will be utilized on the runs and gates. The fabric will be at least 11-gauge material for 2-inch mesh or at least 13-gauge for 1 ¼-inch mesh. Access gates to each run and sleeping area will have a positive latching system to prevent the dogs from jumping against the latch and accidentally opening the gate. Kennels and the canine "break area" shall have double gates/doors that require the dog to go through two secure gates/doors to enter/exit the facility and grounds to help prevent escapes. Security fencing shall surround all outside runs and

“break areas”. The height from ground to top of fence shall be between 6’ and 8’. No fence will be located so that the features of the land (its topography) or structures allows for the fence at any place to be less than 6’ in height. The purpose of the fence is to prohibit passage over, around, or under the fence. The fence shall be kept in good repair at all times.

*3.5 Canine break area:* When CBP canines are in the outdoor “break areas”, the area shall be kept free of any and all toys. Only one dog at a time is allowed in the “break area”. The size for an outdoor “break area” is a minimum of 20’x40’ and have either grass or turf surface. The fencing surrounding the “break area” will have a double fence to prevent the canine from escaping. An outdoor “break area” will be of either grass or turf surrounded by a double fence. “Break areas” shall be kept clean. Stools and waste shall be removed promptly.

*3.6 Lighting:* The kennel compound and kennel runs will be sufficiently lighted to provide security and to allow for safe nighttime activity in removing or returning canines to their kennel runs. All accessible areas will be lighted, either by motion sensors or permanent lighting.

*3.7. Kennel construction:* The Government will not reimburse the contractor for any construction or remodeling.

**4. Sanitation:** Kennel runs and sleeping areas will be disinfected at least every four calendar days with a veterinarian-approved disinfectant solution. Kennel runs will be washed and stools will be removed from the runs as often as necessary. Stools, urine and dog food waste will not be allowed to remain in a run for more than one hour during normal operating hours. All stools will be removed within one hour after the facility opens for business or no later than 9:00 a.m. on days when the kennel is not open for business. All chemicals shall be stored away from any food items or near the floor, capped and in the original labeled containers. Chemicals not in the original container shall be clearly marked. Any disinfectants used to clean and maintain kennel runs and sleeping area shall meet all Environment Canada standards for disinfectant products.

*4.1 Food and Water Areas:* The food and water utensils shall be cleaned daily with hot soapy water. Utensils used in preparation of food shall be cleaned immediately after each food preparation period. Stainless steel feed and water pans will be used. Unopened dog food bags will be elevated off of the floor on pallets. Empty dog food bags will be removed and disposed of in a covered container.

All opened food bags will be stored in rodent-proof storage containers. The area will be rodent and pest free. A refrigerator for diet and medications will be available. Medication will be properly labeled and stored in the refrigerator. If the water supply comes from an underground well, it must be tested and approved for human consumption (potable). The kennel shall have potable hot and cold running water which will be accessible 24hrs a day. Self-waters will not be permitted.

*4.2 Health:* The contractor shall ensure that the CBP canines are not kenneled in the same room with any animals that are quarantined or under medical treatment. The kennel must have an isolation area to accommodate those animals currently under quarantine or medical treatment. The

kennel shall have first aid kits for personnel and animals. The contractor shall have written procedures to educate employees on how to handle animal-related injuries.

The contractor shall observe the appearance and activity of the dogs for signs of illness, wounds, disease and discontent. The contractor shall specifically watch for signs of injury or other changes in physical condition. In the event a CBP canine is injured or becomes ill, the contractor will contact the assigned handler of the canine within one hour. If he/she is unavailable, the contractor will contact the COR. If it is an emergency and a canine supervisor cannot be contacted, the contractor will take the ill or injured canine to the pre-designated veterinarian. If veterinary services are not included in this award, the Richview Animal Hospital 250 Wincott Dr. Unit 33, Etobicoke, ON M9R 2R5, Canada (416-245-8805) and Central Toronto Veterinary Emergency Clinic 1051 Eglinton Ave W, York, ON M6C 2C9, Canada (416-784-4444) are the authorized veterinarian service providers. In the unlikely event a CBP canine passes away, CBP personnel will take possession of the dog and dispose of the remains at an off-site location. No CBP canine shall be buried or disposed of by kennel personnel.

#### 4.3 *Bathing:*

CBP personnel will bathe canines. The contractor facility shall have bathing utility available to bathe the dogs. CBP personnel will coordinate the bathing of canines to fit with the facility bathing schedule.

4.4 *Debris:* The contractor shall ensure that the compound area in which the kennels are located shall be free of all refuse, garbage, trash and debris. Seeded areas within the compound shall be mowed or chopped and kept free of brush and tall vegetation that could pose a health hazard to the dogs, handlers or other individuals entering the premises.

4.5 *Flea and Tick Prevention:* The kennel and surrounding areas will be treated to prevent infestation of fleas and ticks. Only a professional exterminator will treat kennels, canine “break areas”, and kennel runs infested with fleas or ticks.

**5. Food:** The contractor will provide food and all supplies and equipment necessary to perform the services. This includes items such as stainless steel feed and water pans, cleaning supplies and equipment, disinfectants etc. The amount shall be the suggested label serving size provided by the food manufacturer. The acceptable range for the key nutritional factors are:

Energy density	4.0 to 5.5 kcal ME/g DM
Fat	15 to 40 % fat DM or 30 to 65% of calories from fat
Soluble carbohydrate	39 to 55% NFE DM or 20 to 50% of calories from NFE
Protein	22 to 32% protein DM or 18 to 25% of calories from protein
Digestibility	DM digestibility >80%

Once a standard, approved brand of dog food is established, any change must be approved in advance by the COR. Special rations for dietary or medical purposes must also be approved in advance by the COR.

**ADDITIVES:** A majority of commercial dog foods do not contain medication to prevent heartworm or hookworm infections; therefore, the CBPO/K9's will provide and administer medication to their dogs.

**6. Feeding:** Kennel personnel will be responsible for feeding the dogs on a daily basis, in accordance with the handler's guidance and supervision (Food & Stool Chart). Kennel personnel will also feed the dogs when the CBPO/K9's is off duty.

The "Food & Stool Chart" shall be completed on a daily basis by kennel personnel. The assigned CBPO/K9's has the responsibility and is accountable to ensure the chart is completed each day, regardless of who feeds the dog.

**7. K9 Exercise Time:** The kennel will designate personnel to handle CBP detector dogs. Kennel personnel will be responsible for exercising the CBP canine when the dog will not be worked for a period of **over 4 days**. The exercise period should be for approximately 15 minutes in the kennels outdoor exercise area. It is encouraged that the kennel staff use a blue throwing Kong with the canine during this exercise period. An additional 10 minutes should be given for rest/free time after the exercise period. Kennel personnel will also need to annotate this activity on the approved "Food & Stool Chart", which will be modified to account for this activity.

**8. Veterinary Services:** In the event that a CBP canine becomes ill, the contractor shall contact the identified individuals in the following order: Customs and Border Protection Officer/K9 and designated veterinarian. Contact information for the designated veterinarian will be provided upon award. Should medical treatment be necessary, the contractor assumes all liability for the animal and any charges that are incurred as a result of not following the order of precedence described above.

## **9. General Requirements:**

*Protection:* The contractor shall have a plan for emergency procedures. A copy of the local fire evacuation plan shall be posted in the kennel. The contractor will ensure the fire extinguishers are inspected and maintained in accordance with the local, state, and federal fire regulations. The contractor shall have business insurance as required by law.

The COR, or canine officer, shall make periodic unannounced inspections. The contractor must be certified, if required, by the appropriate local and federal agencies to provide kenneling services.

*Escaped Dog:* The contractor shall have a written plan for handling the "escaped dog" scenario. The plan shall define what steps are taken to notify the owner, advertise in local publications, etc.

*Personnel:* If required by the Ministry of Ontario, the county in which the kennel is located must certify the kennel manager. If the kennel manager is replaced, the contractor will provide prior notification to the COR.

*Access:* All canine officers will require 24-hour access to the portion of the kennel facility used to kennel the CBP canines. If key-type door locks or padlocks are used for after-hours security, the contractor will provide a key (or set of keys, as appropriate) to each assigned Customs and Border Protection Officer. All entry/exit points will be locked after hours or when unattended. All dog runs will be secured. Kennels shall have double gates/doors to enter/exit the facility and grounds.

*Record Keeping:* The contractor will keep a record of all CBP canines kenneled at the facility during each 30-day/monthly billing cycle. The record will include the following information at a minimum:

- date of arrival and departure of the CBP canine; and
- if food is provided by the contractor, the number of pounds of dog food consumed by the CBP canine during the billing cycle.

- invoice number,
- name of each canine,

- daily kennel rate,
- grand total

**10. Parking:** The contractor will make parking spaces available on the facility grounds to accommodate government owned and privately owned vehicles (POV's) of the Customs and Border Protection personnel who are on or off duty and working their dogs. Sufficient parking spaces and a safe, lighted area to load and unload dogs is also required. Twenty-four hour access to the parking area is required. **11. Location:** The kennel should be located within a 5 mile radius of the Lester B. Pearson International Airport (XYZ), Terminal 1 Departure Level, Malton, Ontario, Canada. The proximity of the kennel to the airport is critical to CBP Toronto Preclearance operations as the Toronto Preclearance Canine Officer will need to be able to retrieve the canine to support operations with minimum impact to operations.

**(End of clause)**

Add the following clause in full text:

52.229-12 TAX ON CERTAIN FOREIGN PROCUREMENTS—NOTICE AND REPRESENTATION (FEB 2021)

(a) *Definitions.* As used in this clause—

*Foreign person* means any person other than a United States person.

*United States person*, as defined in [26 U.S.C. 7701\(a\)\(30\)](#), means—

- (1) A citizen or resident of the United States;
- (2) A domestic partnership;
- (3) A domestic corporation;
- (4) Any estate (other than a foreign estate, within the meaning of [26 U.S.C. 7701\(a\)\(31\)](#)); and
- (5) Any trust if-
  - (i) A court within the United States is able to exercise primary supervision over the administration of the trust; and
  - (ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) This clause applies only to foreign persons. It implements [26 U.S.C. 5000C](#) and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c)

(1) If the Contractor is a foreign person and has only a partial or no exemption to the withholding, the Contractor shall include the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, with each voucher or invoice submitted under this contract throughout the period in which this status is applicable. The excise tax withholding is applied at the payment level, not at the contract level. The Contractor should revise each IRS Form W-14 submission to reflect the exemption (if any) that applies to that particular invoice, such as a different exemption applying. In the absence of a completed IRS Form W-14 accompanying a payment request, the default withholding percentage is 2 percent for the section 5000C withholding for that payment request. Information about IRS Form W-14 and its separate instructions is available via the internet at [www.irs.gov/w14](http://www.irs.gov/w14).

(2) If the Contractor is a foreign person and has indicated in its offer in the provision [52.229-11](#), Tax on Certain Foreign Procurements—Notice and Representation, that it is fully exempt from the withholding, and certified the full exemption on the IRS Form W-14, and if that full exemption no longer applies due to a change in circumstances during the performance of the contract that causes the Contractor to become subject to the withholding for the 2 percent excise tax then the Contractor shall—

(i) Notify the Contracting Officer within 30 days of a change in circumstances that causes the Contractor to be subject to the excise tax withholding under [26 U.S.C. 5000C](#); and

(ii) Comply with paragraph (c)(1) of this clause.

(d) The Government will withhold a full 2 percent of each payment unless the Contractor claims an exemption. If the Contractor enters a ratio in Line 12 of the IRS Form W-14, the result of Line 11 divided by Line 10, the Government will withhold from each payment an amount equal to 2 percent multiplied by the contract ratio. If the Contractor marks box 9 of the IRS Form W-14 (rather than completes Lines 10 through 12), the Contractor must identify and enter the specific exempt and nonexempt amounts in Line 15 of the IRS Form W-14; the Government will then withhold 2 percent only from the nonexempt amount. See the IRS Form W-14 and its instructions.

(e) Exemptions from the withholding under this clause are described at [26 CFR 1.5000C-1\(d\)\(5\)](#) through (7). Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the [26 U.S.C. 5000C](#) tax are adjudicated by the IRS as the [26 U.S.C. 5000C](#) tax is a tax matter, not a contract issue.

(f) Taxes imposed under [26 U.S.C. 5000C](#) may not be—

(1) Included in the contract price; nor

(2) Reimbursed.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. (h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1)  Are,  are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2)  Have,  have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(4)  Have,  have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at [9.104-5\(a\)\(2\)](#) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement

terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at [22.1503\(b\)](#).]

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(a) *Definitions.* As used in this provision—

*Foreign person* means any person other than a United States person.

*Specified Federal procurement payment* means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign

Contracting Party Receiving Federal Procurement Payments, available via the internet at [www.irs.gov/w14](http://www.irs.gov/w14). Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then—

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects “is” in paragraph (d)(1) and “partial or no exemption” in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. **For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.**
